

REMARKS

The Quayle Action indicates that claims 1-133 have been allowed, but requests a supplemental reissue declaration. Thus, Applicants submit a supplemental reissue declaration herewith. Applicants note that 1.47 status has already been accorded with respect to originally non-signing inventor James Leroy Snell. As noted in Applicants Petition under 1.47(a), only inventor Carl Andren was able to sign the reissue declaration. After diligent effort, the other inventor, Victor Lucas, could not be reached. Thus, Applicants respect that this application be granted 1.47(a) status with respect to Victor Lucas as well.

Should the Examiner believe that anything further would be necessary in order to expedite the allowance of this application, the Examiner is invited to contact Applicants' undersigned representative at the telephone number list below.

In the event any variance exists between the amount enclosed and the Patent Office charges, please charge or credit any difference to the undersigned's Deposit Account No. 50-0206.

Respectfully submitted,
